Innovation and Entrepreneurship for Educators Workshop!

July 17 - July 20, 2023

**Southern Regional Technical College
Building D, Rooms 106 - 108
5689 US 19 North, Thomasville, Georgia**

What is the purpose of this Educators Workshop?

K-12 educators will engage in innovation and entrepreneurship knowledge and skills, including artificial intelligence (AI), through hands-on activities, industry tours, and inspiring speakers to guide you in developing engaging lesson plans for your students. All educators in any discipline and grade level are encouraged to attend this free week event.

Participants that complete the program will receive a stipend.
